REDWOOD CROSSING CITY COUNCIL MEETING TRANSCRIPT

Date: June 14, 2024

Time: 6:00 p.m. – 7:42 p.m.

Location: Redwood Crossing Municipal Hall – Council Chambers

Meeting Type: Public Budget & Policy Review

Transcript Prepared By: Monica Epps, City Clerk

Certified Recording Log ID: RC-2024-JUN14-FULL

CALL TO ORDER

[00:00:01] Chairperson Rosa Montoya:

Good evening. It is now 6:00 p.m. on June 14, 2024. This is a regularly scheduled open meeting of the Redwood Crossing City Council. Let the record reflect that all councilmembers are present: Harper Lynn, Dakota Maddox, Priya Patel, and George Simmons. This meeting will be recorded and archived in accordance with municipal rules. Councilmember Patel will begin with the invocation.

INVOCATION & PLEDGE

[00:01:12] Councilmember Patel:

Thank you, Madam Chair. May we act with transparency, fairness, and wisdom in the decisions we make tonight. Let's all rise for the Pledge of Allegiance.

Pledge of Allegiance is recited.

AGENDA OVERVIEW

[00:02:48] Chairperson Montoya:

Tonight's agenda includes:

1. Road safety funding proposal
2. Updates to the school arts partnership grant
3. Review of the proposed municipal ethics reform ordinance
4. Public comment, if time permits

ITEM 1 – Road Safety Near Lincoln Elementary

[00:03:21] Councilmember Patel:

We've received eight resident complaints about unsafe crossing conditions on Magnolia Ave. near Lincoln Elementary. I'm proposing we allocate \$18,000 from the surplus fund to install new signage, curb bump-outs, and community-designed crosswalk murals.

[00:04:05] Councilmember Maddox:

This isn't an art contest. We need enforcement, not pretty pictures. Add a patrol car—not a cartoon sidewalk.

[00:04:18] Councilmember Lynn:

Actually, there's credible research that artistic crosswalks reduce vehicle speed by up to 17%. Cities across the country are using them effectively.

[00:04:31] Maddox:

That may work in Austin. But this isn't Austin.

[00:04:42] Chairperson Montoya:

Let's keep the tone civil. Any further comments before we vote?

[00:04:56] Councilmember Simmons:

I support the signage. I'm not sure about the murals.

[00:05:04] Patel:

Let's compromise: signage and bump-outs now; delay mural vote pending public input.

[00:05:15] Chairperson Montoya:

Motion amended and seconded. All in favor?

[00:05:21] All Councilmembers:

Aye.

[00:05:23] Chairperson Montoya:

Motion carries.

ITEM 2 – School Arts Partnership Grant

[00:05:44] Councilmember Lynn:

This is just a formality. The Arts Commission recommends renewing the district grant for community artists to lead after-school programs. This includes muralists, printmakers, and performance artists.

[00:06:02] Councilmember Maddox:

How many students participated last semester?

[00:06:08] Lynn:

Over 300 district-wide. Especially strong turnout at Weller Middle School.

[00:06:14] Councilmember Simmons:

I move to renew the grant.

[00:06:18] Councilmember Patel:

Seconded.

[00:06:20] Chairperson Montoya:

All in favor?

[00:06:22] All Councilmembers:

Aye.

[00:06:23] Chairperson Montoya:

Motion carries. Excellent work by the Commission.

ITEM 3 – Ethics Reform Proposal (Ordinance 14-2024)

[00:06:45] Councilmember Lynn:

As discussed in committee, this proposal would:

- Require public reporting of campaign donations over \$500
- Create an online archive of councilmember spending
- Add quarterly conflict-of-interest disclosures

[00:07:02] Councilmember Maddox:

I think this is grandstanding. We already file state-required reports. What you're proposing creates bureaucracy just to score political points.

[00:07:13] Lynn:

No, it creates accountability. Sunlight is the best disinfectant. You've resisted every measure that increases transparency since I joined this council.

[00:07:27] Maddox:

I've served this city for over a decade. You don't get to waltz in and paint me corrupt because you lost a committee vote.

[00:07:38] Lynn (raising voice):

You're the rot in this city—and you'll be gone one way or another! February couldn't come fast enough.

[00:07:44] [AUDIBLE MURMURS FROM AUDIENCE]

[00:07:47] Chairperson Montoya:

Councilmember Lynn, I must ask you to withdraw that statement.

[00:07:53] Lynn:

Withdrawn.

[00:07:54] Maddox:

How professional.

[00:07:56] Chairperson Montoya:

That's enough from both of you.

PUBLIC COMMENT

[00:08:12] Chairperson Montoya:

We have two members of the public signed up to speak.

[00:08:18] Resident Speaker – Gigi Parker:

Hi, y'all. Just wanted to say thank you for fixing the sidewalk by the library. My art students appreciate not tripping over tree roots on the way in.

[00:08:30] Chairperson Montoya:

Thank you, Ms. Parker.

[00:08:34] Resident Speaker – Calvin Reed:

Please lower speed limits on Willow Bend. I've called the police six times this year. Nothing's changed.

ADJOURNMENT

[00:08:51] Chairperson Montoya:

If there is no further business, I move we adjourn.

[00:08:54] Councilmember Simmons:

Seconded.

[00:08:56] All Councilmembers:

Aye.

[00:08:58] Chairperson Montoya:

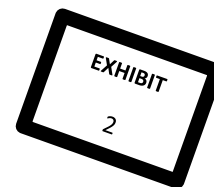

This meeting is adjourned at 7:42 p.m. Thank you, everyone.

Email Body

You need to start asking questions about Councilmember Kody Maddox and his campaign finances. Look into how his construction donor landed that storm drainage contract in the Hollow Creek development. The Ethics Office buried it—check the Planning Commission's meeting minutes from last September.

He’s not the public servant he pretends to be. The people of Redwood Crossing deserve better. If you ignore this, you’re part of the cover-up.

FIRE MARSHAL'S INCIDENT REPORT

Agency: Redwood Crossing Fire Department – Office of the Fire Marshal

Report Number: RMX-0252-EXP

Date of Incident: February 3, 2025

Time of Call: 2:42 a.m.

Location: 114 Cedar Gate Drive

SUMMARY OF FINDINGS

Incident Type: Vehicle Explosion Resulting in Fatality

Victim: Councilmember Dakota “Kody” Maddox (confirmed by ID and dental records)

Vehicle: 2018 Toyota Camry, gray, Texas license plate RCH-2749

Vehicle Owner: Dakota Maddox

CAUSE & ORIGIN ANALYSIS

- **Point of Origin:** Front lower passenger side, near undercarriage close to ignition harness.
- **Type of Device:** Improvised explosive device (IED), rudimentary construction.
- **Trigger Mechanism:** Likely ignition-activated—evidence suggests circuit completed when vehicle started.
- **Components Identified:**
 - Black powder residue
 - Aluminum powder traces
 - Crystalline nitrate compound (consistent with ammonium nitrate fertilizer)
 - Wiring fragments consistent with 12V battery ignition assist
 - Electrical tape and remnant of small timing relay (partially melted)
- **Estimated Charge:** Small-scale—designed for maximum damage to vehicle’s interior.
- **Delivery Method:** Device affixed beneath driver compartment; strong adhesive residue located.

MATERIALS & LAB FINDINGS

- Forensic lab confirmed:
 - Presence of oxidizer and fuel consistent with amateur-grade explosive devices
 - No military or commercial explosive residue found
 - Lawn Fertilizer is a potential source for nitrate base

EVIDENCE COLLECTED ON SCENE

- Wiring and adhesive samples

- Partial fragment of timer circuit
- Security camera angle reviewed from 112 Cedar Gate (footage provided separately)
- Ash pattern consistent with undercarriage blast vector
- AirTag located near rear axle (logged under separate evidence item #008)

NOTES & OBSERVATIONS

- Fire suppression arrived within 5 minutes of initial call
- Flames visible upon arrival; ignition occurred prior to fire department arrival
- Vehicle total loss; blast fatal to driver, consistent with explosive impact zone
- No signs of tampering from above or inside vehicle
- Timing and scale of device indicate knowledge of victim's routine

Conclusion: Cause of fire was a deliberately placed ignition-triggered explosive device. The materials used were obtainable from commercial sources. Investigation suggests the device was intended to kill the driver upon vehicle startup. Case referred to Redwood Crossing Police Department for criminal investigation.
